

Bubble Bomb — The Alchemist

Identity

- **Name:** Bubble Bomb
- **Gender:** Female
- **Class:** Alchemist

- **Tribe origin:** Licktoad
- **Player:** Christina
- **Character sheet:** [Pathbuilder 2e build](#)

Core Four

Bubble Bomb is one of the **core four** — present from session 1. The others are Sneaky Scorch, Rrrahah Bäähh, and Shvub-Mah. The remaining four party members joined later.

Physical & Personality

Bubble Bomb carries alchemical vials at all times — they rattled against the whelping cage bars at the start of the campaign. Her primary contribution to encounters is explosive: she contributed something that exploded during the spider encounter in Brinestump Marsh, and she examined and activated the transport device found inside the mountain cave near the spider camp. She is the party's main source of alchemical output.
