

Frizzel Brizzel — The Ranger

Identity

- **Name:** Frizzel Brizzel
- **Gender:** Male
- **Class:** Ranger

- **Tribe origin:** **Licktoad**
- **Player:** (group/shared character — no single primary player)

Roster Note

Frizzel Brizzel was **not** present from session 1. He is a guest/fill-in character. First confirmed in FoundryVTT on **18.01.2025** (line 3473: "Frizzel Brizzel draws their +1 Longbow"). Confirmed present at level 4 — did not reach level 5 or 6 with the main party.

The campaign account (T4) treats him as present from the start; this is literary license and does not override the roster rule.

Physical & Personality

Frizzel Brizzel is cataloguing exits at the whelping cage in the narrative retelling — an immediate ranger-class signal. He ranges ahead during the Manschmied Farm approach. By the Temple of Lamashtu the campaign account notes he "had ranged very far," an acknowledgment of the journey's scope. These characterisations from T4 are accepted as accurate even if the specific session presence is not.

Role in Campaign Events

- **Not present** at the whelping cage, Brinestump Marsh, Kaijitsu Star, Licktoad village, Birdcruncher Chieftain's Moot, Manschmied Farm, the spider cave, or the Astral Plane crossing.
- **18.01.2025 (Online) — first confirmed:** FoundryVTT active. Participated in the Razertooth territory operation — killing patrols, freeing 7 imprisoned Birdcrunchers, defeating Gogmurt + Tangletooth. *confirmed — T1*
- Did not reach Level 5 with the main party. Last confirmed active at level 4.
- Whether he was present through Thistletop operations is not confirmed in available T1–T3 sources.

Status at End of Known Account

Guest/fill-in. Last confirmed Level 4. The campaign account places him at the Temple of Lamashtu — this reflects narrative retelling (T4), not session-confirmed fact.

Notes

- Frizzel Brizzel is a group/shared character. There is no single named primary player.
 - Level 4 only — never confirmed at Level 5 or 6 with the core group.
