

# Gogmurt — Razertooth Druid

## Identity

- **Name:** Gogmurt
- **Species:** Goblin
- **Class:** Druid 4 / Rogue 1 (published source)
- **Tribe:** Razertooth
- **Role:** Razertooth druid; Ripnugget's advisor (opposed the Sandboots)
- **Status:** Defeated by the party (Session 18.01.2025)

## Animal Companion

**Tangletooth** — confirmed as a cat (FoundryVTT T1). Earlier session log references to a “cat” companion are accurate. *confirmed — T1 FoundryVTT*

## Encounter

Gogmurt and Tangletooth were encountered in Razertooth Territory during the Birdcruncher prisoner rescue operation. The party also fought Razertooth dogs and goblins in the same engagement. Gogmurt and Tangletooth were both defeated. *confirmed — T1 FoundryVTT (1/19/2025), T3 session log (18.01.2025)*

## Loot

Dropped on defeat (*T1 + T3 confirmed*):

- **Staff +1**
- **Cloak of Gnawing Leaves**
- **Studded Leather armor**

## Notes

- Gogmurt was bitterly opposed to the Sandpoint raid — a point of internal conflict with Ripnugget not resolved in campaign sources.
  - In the published Thistletop, Gogmurt is stationed in the thorn walls of the surface compound. The campaign placed him in Razertooth Territory instead.
