

Uhuhh Shehee — The Barbarian

Identity

- **Name:** Uhuhh Shehee
- **Gender:** Female
- **Class:** Barbarian

- **Tribe origin:** Licktoad
- **Player:** Carmen

Roster Note

Uhuhh Shehee was **not** present from session 1. Her first confirmed FoundryVTT appearance is **9/26/2025** — the Thistletop roof/ground floor operations. The campaign account (our-campaign-story.md) is a narrative retelling that places her from the start; this is literary license. Source-hierarchy.md takes precedence.

Physical & Personality

Uhuhh Shehee vibrates with pre-violence energy — a barbarian whose defining state is readiness for combat. The campaign account's sharpest note: when navigating the climbing encounter with the human-orc figure inside Thistletop, she "may have had more fun with it than strictly necessary." She draws a Greatsword, Greatclub, and Greataxe in FoundryVTT — a barbarian with multiple weapon options for different moments of violence.

Role in Campaign Events

- **Not present** at the whelping cage, Brinestump Marsh, Kaijitsu Star, Licktoad village, Birdcruncher territory, Manschmied Farm, the spider cave, the Astral Plane crossing, or the Razertooth operations.
- **9/26/2025 (Thistletop) — first confirmed:** Active in FoundryVTT. Participating in Thistletop roof operations. Draws Greatsword. *confirmed* — T1
- **Wrexen session (03.10.2025):** Active in roof and ground-floor fighting. Rage active (7 temporary HP). Uses Greatclub then Greataxe. *confirmed* — T1
- Thistletop interior: climbing encounter with the human-orc figure. Resolved in the party's favor. She had more fun with it than strictly necessary.
- Present at the Temple of Lamashtu — the last recorded encounter.

Status at End of Known Account

Active. Present at the Temple of Lamashtu — the last recorded encounter. Fate beyond that point is TBD.

Notes

- She is one of two female PCs in the party. The other is Bubble Bomb.
 - "More fun than strictly necessary" is a canonical character beat from the primary source (T4). Preserve in narrative use.
 - The human-orc figure in the climbing encounter is unidentified from available sources.
(*provisional — unresolved NPC identity*)
